BEFORE

DURING

AFTER

One piglet died; nine left!! Arnie (3 yrs) likes to help his dad feed them 2x a day!

PRaise THE LORD FOR HIS PROTECTION:

1. During the typhoon last Dec 19th and joy during 4 weeks with no electricity and little water. Sadly, one neighbor lost his life after being electrocuted by a falling hydro pole.
2. For our deaf couple during a mid-night robbery in our house while the windows were still being repaired after the storm. Praise God that nothing was taken and the thief was caught.
3. During the recent earthquakes and that finally the windows have been repaired even though the workers didn't want to come at first because of the aftershocks along the coast. Although we still have much more to do, we were able to have a "house blessing" when our DMI director and 2 others were here from Australia last week. Many neighbours came!

PRAYER REQUESTS:

1. Completion of the land title transfer so we can access our funds and finish the house.
2. Pray for a quick adjustment for our new deaf man, Edwin, who is also blind. His family has deserted him so we are trying to help him learn some gardening and other simple skills.
3. Pray for opportunities to share and sufficient finances for our upcoming home service from June 2nd to Aug 1st and for Doug's sermon prep for WMD's annual conf on June 16th.

As always, gifts may be sent to **WMD, 39 Meadow Cres, Whitby ON L1N 3J2**

Thanks, Doug and Val Clutton
