

# Deaf Ministries International -Syria

Dear friends and partners,

At the end of this year 2019, we are happy to write and share you the news of the kingdom of God in Syria.

This year has been a very interesting year, as we have seen the work of our Lord and have experienced the love of Christ well.

the second half of the year was difficult, after a wonderful conference in June and participation in the King's festival in August . At 28 August Fadi was injured by a coma that let his stay in the hospital for a week, we were shocked when the Doctors decided that there was no hope of him returning from this coma.

After leaving the hospital, we discovered that Fadi forgot some memories, so the treatment plan lasted for the next 3 months. Today, however, we can praise the Lord for his mercy, Fadi is in a good health now.

We will share you some photos of the most important events during this year.
